

The Language Workshop for Children's *Le Club des Enfants . El Club de los Niños* Springbreak 2010

Camp-Like Enrichment Program . Manhattan
Ages 3 to 7

March 29 through April 02

Springbreak is a half-day French or Spanish camp-like enrichment program blending The Language Workshop's unique playgroup approach, language immersion fun, and a flavor of the French and Spanish cultures. Springbreak is a separation program so children attend by themselves, but parents and caregivers are welcome to sit outside the classroom door or in the reception area.

Program Children assemble to draw and say hello to their friends. Then they begin with *French for Children* or *Spanish for Children* play where they sing lots of new LWFC vocabulary-building songs, learning more foreign language grammatical patterns and word meanings. Then it might be visual-aid games, holiday baking, arts and crafts, seasonal characters or stories. Since our native speaking instructors only speak French or Spanish, children begin to think in a new language.

Midway through their half-day campers get a snack of water and goldfish (or anything you may want to substitute) and end with a mini-lesson review of that day's vocabulary.

Times **French Enfants & Spanish Niños** Half-Day Mornings 09:00 to 12:00 noon
Morning activities begin after 9:am, but to accommodate working parents, morning children are welcome to arrive as early as 8:30am for supervised drawing.

Location **Springbreak** is held at The Language Workshop for Children's main Eastside facility at 888 Lexington Ave at 66th Street. It is bright, spacious and especially designed for active children.

Schedule 1 Week March 29 through April 02
Choose a minimum of any 2 days (that do not need to be sequential).

Tuition \$ 75 Per Day
